

ICE LITE is an interactive application utilizing cutting-edge technologies to access and manage critical analytical information that will provide a competitive advantage and operational efficiency in game preparation.

ICE LITE enables detailed player and team evaluation using granular data queries such as STATS' proprietary X-INFO™. ICE LITE empowers college programs to perform player evaluation, track player development and discover game planning insights, all tied directly to the XOS Thunder HD platform.

The screenshot displays the ICE LITE web application interface. At the top, there is a navigation bar with the ICE LITE logo, a user welcome message for Ryan Warkins, and a Sign Out button. Below this are tabs for Boards and Evaluation, and a status bar showing 0 T(s) and 2 P(s) with a Clear All button. The main content area features a filter menu with 'Players' selected, and a dropdown for 'Position (All)'. Below the filter menu, there are player cards for Montee Ball (University of Wisconsin) and Trent Richardson (University of Alabama). There are buttons for 'STATS Profiler' and 'Print', and a 'By Player' / 'By Stat' selector. The interface shows a breadcrumb trail: Home > Down. Two player profiles are displayed:
